

SEMI-GAS® EQUIPMENT

Xturion™ Custom Gas Equipment

OEM Gas Box

Features

- Applicable to any OEM Gas Box Requirements
- Engineered to Customer Specifications
- Manufactured to Customer Specifications
- Conventional or Surface Mounted Components
- Custom Controls Available
- Manufactured in Ultra-High Purity Environment

Engineering Data (pictured OEM Gas Box)

- Dimensions: 20" T X 21" W X 9" D
- Air Flow Requirements: 110 SCFM
- Exhaust Duct: 6" Tall
- Voltage: 100 To 240 VAC, 1 Phase
- Frequency: 50 To 60 Hz

Materials of Construction (pictured OEM Gas Box)

- 316 Stainless Steel Enclosure
- Measures and Controls Continuous Gas Flow
- Ultra-High Purity Components
- Differential Pressure Controller
- User Defined Set Points and Ranges
- Analog and Digital Outputs
